EDUCATION

Masters degree

University of Coimbra

📅 2019 – 2020 📍 FCTUC

Bachelor degree

University of Coimbra

📅 2014 – 2019 📍 FCTUC

EXPERIENCE

Software Developer

Alter Solutions

📅 Nov 2020 – At the moment 📍 Lisbon, Portugal

- Working at an Accenture team as a software developer helping with all sort of tasks. My responsibility is to be able to create, improve or correct rules for the ETL processes, some tests (although we have a dedicated testing team), and some SQL to create Dashboards.
- Technologies: Python, SQL, Git, JIRA

Web Developer Intern

10.digital

📅 Sep 2019 – Nov 2020 📍 Coimbra, Portugal

- 10.digital is a digital marketing and transformation company.
- Developed a platform (i. e. backoffice) for Inbound Marketing. This platform is marketed and used by 10.digital, which allows you to create and publish different types of marketing campaigns to generate leads (i. e. potential clients).
- The data collected by the campaigns, is processed by the system and represented through reports that helps the backoffice users to generate leads and create personality profiles, understand market trends and optimize other new campaigns.
- Technologies: Django, Python, Celery, Git, JQuery/JavaScript, macOS, Teams, Wrike, HTML/CSS, PostgreSQL

Summer Intern

HYP

📅 Jul 2018 – Aug 2018 📍 Coimbra, Portugal

- Developed an API (Chrome extension) to integrate some specific features of a Ruby on Rails intern project in the browser. Responsible for the extension development and data processing on the endpoint (Rails Projects)
- Technologies: JavaScript/jQuery, HTML, CSS, Git, Ruby on Rails, Select2, macOS

SKILLS

Languages: Python, Java, JS and jQuery, HTML/CSS, SQL (Relational DBs)

Technologies: Django, Git

AWARDS

EBEC Coimbra

📅 2018 📍 Coimbra

- Gold Medal

EBEC Portugal

📅 2018 📍 Lisbon

- Top 5
- EBEC is an engineering competition that provides its participants with the opportunity to develop their teamwork skills, as well as to test their creativity and versatility, through the solving of a problem of either of the two categories: Case Study and Team Design
